Progress Against Plans	The audits undertaken are based on the annual internal audit plan approved by the audit committee. Variations to the plan can occur but need to be considered with and agreed by the audit committee. Focus of audit for the current year 2012 was on liquidity and capital risk and compliance with laws and regulations. Respondents include treasury and accounting department, legal and executive management. Notice to conduct audit and list of audit requirements (documents, accounting books, survey forms, etc.) were sent to department heads two weeks before the actual conduct of the audit. Audit was completed and report was issued to Audit Committee on its meeting on November 14, 2012.
Issues	Compliance with applicable laws and regulations Liquidity and Capital Risk
Findings	The company is exposed to liquidity and capital risk. Liquidity risk refers to the risk that the Company will not be able to meet its financial obligation as they fall due. Capital risk, on the other hand, refers to risk that the Company will not be able to continue as a going concern and maintains its strong credit rating and healthy capital ratios to support its business and maximize shareholder value. The company also receives review letters from SEC on its quarterly reports, stating that the reports were not in compliance with disclosure rules as required by the Commission. Letter for late filing of Audit Committee Charter was also received during the year.
Examination Trends	Inspection of documents, accounting books, quarterly reports and letter correspondences were conducted. Identified audit procedures applicable on those auditable areas. Quantitative analysis and comparison of year-to-year figures were made. Material findings and significant exceptions were noted. Internal audit report normally includes audit comment and findings, risk and weaknesses and audit suggestions/recommendations to address such weaknesses.

[The relationship among progress, plans, issues and findings should be viewed as an internal control review cycle which involves the following step-by-step activities:

- 1) Preparation of an audit plan inclusive of a timeline and milestones;
- 2) Conduct of examination based on the plan;
- 3) Evaluation of the progress in the implementation of the plan;
- 4) Documentation of issues and findings as a result of the examination;

- 6) Conduct of the foregoing procedures on a regular basis.]
